

Upgrading to Insight Version 5

Availability

Upgrading to Insight Version 5 requires a new license key. The Version 5 Key is available directly from Inner Range offices only. It is required in order to upgrade all previous Insight Professional versions.

Applying for it

In order to receive your upgrade key please complete the application form on the next page and send it directly to the Inner Range office in your region.

Advantages

Upgrading to V5 ensures that your software is compatible with the latest functions and features of your Concept 4000 system; it offers many new standard features and brings many new optional features to the Insight Professional Software Suite.

More information on Insight V5

For full details of Insight Version 5 go to www.innerrange.com/products.php?id=18&cid=85

*****Important Information*****

It is important to get your Upgrade Key before Installing Version 5. Please be aware that installing Insight Version 5 over any previous Insight Professional version without an upgrade key will render your software inoperable.
